Singular™ is where it all comes together

From inspiration to installation, Singular is our end-to-end journey for creating endless cross-category washroom and bathroom solutions for all of our customers.

It's built on our understanding of customer and sector needs, and brings together our specification expertise, design and performance to create solutions that make life easier for everyone.

Whether you're an architect, a specifier or a tradesperson, Singular offers a seamless journey to that one, perfect cross-category solution.

Shaped around you

The Ultra Family collection has been created with the belief that less is more.

But the range of options is far from minimal. Simplicity has never been so specific.

Quadrant

Achieve your vision

Achieve your design vision for your bathroom or simply maximise the space available with a choice of square, rectangular and quadrant trays, all with enclosures and panels to match. Make a feature of the low profile tray with surface-mounted installation or go for an extra-sleek look with flush fitting.

The Ultra Family collection is the cornerstone to any design project, in both bathrooms and wet rooms. And whatever the size or fitting, it offers perfect stability and fast installation.

Flush fitting

Surface-mounted fitting

Ultra Flat S

A touch of class.

Ultra Flat S is subtle yet bold, with an ethos that's all about doing more with less, giving your bathroom the seamless look of a wet room. Choose from four shades in the stone-effect finish for a monotone look that fits in with your décor or a contrasting colour that makes a strong statement.

Made with bacteria resistant and anti-slip materials, Ultra Flat S allows you to relax and enjoy the perfect shower experience. A chance to energise in an elegant and contemporary space that's the expression of you.

The stone finish effect

Ultra Flat S is made with Ideal Solid®, a hard-wearing material composed of a mixture of natural minerals and resins, coated with an opaque finish to achieve a stone effect and create a slip-resistant surface.

This gives an elegant and contemporary feel to your home, offering a distinctive look combined with performance and durability borne of a century of bathroom manufacturing expertise.

Anti-slip surface
Anti-slip surface to help prevent slips and falls. Conforms to DIN51097 Class C.

Tray height/thickness
30mm tray thickness for a discreet and inclusive design.

Repairable
Surface fully repairable in the unlikely event of scratching.

Light resistant
Does not discolour and wear through long-term effects of light (ISO 4892).

Chemical/Detergent resistant
Does not discolour through exposure to detergent and other household chemicals (EN 14527).

Bacteria resistant
Manufactured with a hygienic, bacteria-resistant surface.

The flexibility to fit

Ultra Flat S shower trays can be customised for installation in spaces of all shapes and dimensions.

Available in 28 sizes and three shapes, this collection can also be safely cut to fit all kinds of room features. Ideal Standard also offer customised production, tailored to your project.

Bespoke options

Ultra Flat S shower trays can be professionally cut to measure on site for use in almost any bathroom. This allows the shower floor to be placed in the most awkward corners and to fit around unusual room features.

In addition, Ideal Standard can produce bespoke solutions. From modular moulds.

Ultra Flat S i.life

Excellent performance.

The Ultra Flat S i.life shower tray range is packed with features to bring you the perfect shower experience.

These shower trays add a subtle, yet distinctive look to any bathroom. The collection is available in four modern finishes: Pure White, Concrete Grey, Beach Sand and Jet Black and comes in 27 different sizes across square and rectangular shapes. The textured stone resin trays have a robust gel coat finish, which not only gives a 'stone' characteristic to its surface but also offers important anti-slip properties. At just 30mm thickness and with a fully integrated waste cover these shower trays are the perfect finishing touch to a space, continuing the cohesive design feel with a luxurious look.

Ultra Flat New

The new essential.

The Ultra Flat New collection has a purity of design and purpose that sets it apart. Free from the unnecessary, stripped back to something essential, it is ultra slim, smooth and stylish, giving the seamless appearance of a wet room.

Ultra Flat New is available in Silk White and Gloss White finishes, with 28 sizes and three shapes to suit any bathroom or wet room. With a profile of 25mm, it is 30% slimmer than any other floor-standing acrylic tray.

Ultra Flat New is also available in Silk Black finish in selected dimensions.

Ultra Light

Minimal design and weight.

Ultra Light shower trays by Ideal Standard bring stylish simplicity to your bathroom. With a minimal, contemporary design, this collection is available in square and rectangular shapes across 17 size options.

With a 40mm profile, Ultra Light is manufactured from lightweight acrylic that's warmer underfoot than ceramic trays and chemical resistant to European Standard 14527.

Easy to transport and install

The Ultra Light collection of shower trays can be installed on the floor surface and also flush with the floor for step-free easy entry. Their super-lightweight construction make them easy to transport and handle, enabling a hassle-free installation by one person.

The acrylic surface is resistant to tarnishing and discolouration by detergent and lights, also allowing minor damage to be easily repaired. Built to last with Ideal Standard's unmatched manufacturing expertise, Ultra Light shower trays are also backed by our 25-year warranty.
